

ClubRunner for Rotary

ClubRunner serves thousands of Rotary Clubs and Districts just like ours across the globe with one goal in mind - to make technology work for anyone, anywhere while enabling Rotarians to streamline club processes and improve productivity.

More than just a website, ClubRunner offers a robust membership management and communication platform for Clubs and Districts. It manages your Club with features such as:

1. Member details (linking directly to District ClubRunner site)
2. Member Dues and Billing (links seamlessly with Quick Books for full accounting)
3. Document and photo storage
4. Email services
5. Events module
6. Bulletins
7. Attendance
8. Contacts
9. Social Media Integration
10. Volunteer module
11. Committee module

Rotary owned; you have access to a range of prepared pages and design templates to add to your website. The support and help are quick and responsive. You also have access to a worldwide community of Rotarian users.

Currently, 30% of Clubs in our District use ClubRunner for their website and the number is growing.

This will enable your District to provide training, mentorship, and support for future ClubRunner users through MyLearning.

ClubRunner version comparison

1. **The ClubRunner Admin Only** version can be used by Rotary Clubs who are already satisfied with their website and would like to use Club Runner to manage the administration for their Rotary Club.
